International Facility Management Association

RE: IFMA Central PA Chapter Charles N. Claar Memorial Scholarship Golf Outing  
August 2, 2021 at Country Club of Harrisburg - 1:00 PM Shotgun Start

Dear IFMA Members and Suppliers,

A core mission of the International Facility Management Association is promoting education for the next generation of facility managers. To that end Central Pennsylvania's Chapter of IFMA is holding our annual golf outing.

The proceeds of this event will go towards the Charles N. Claar Educational Scholarship Fund. This endowment assists students at the collegiate level in their pursuit of degrees in the facility management field. As we are all aware, higher education is an expensive venture, and thus we seek to provide these students with as much support as possible.

In an effort to raise funds for these scholarships, we are asking for your help. The success of these tournaments has come from the generosity of Members, Non-Members and Suppliers like you. Whether in the form of donation, participation or sponsorship, we are seeking contributions from the Central PA community to nourish the educational aspirations of future facility managers.

In addition to the primary goal of this event, it also serves as an excellent networking and marketing tool for building owners, plant operators, engineers, vendors, manufacturers, and suppliers. This event routinely hosts a wide cross section of individuals fulfilling a variety of roles within the facility services industry.

If you are interested in participating please reach out to one of the Golf Committee members listed below. Together we can help make a greater difference than ever before to a deserving student in our Central Pennsylvania Region. We hope to see you at the tournament!

Thank you,

John Selfe  
Scholarship Golf Tournament Chair  
IFMA Central Pennsylvania Chapter
